

Brain Rules for Parents

Meet *New York Times* bestselling author

JOHN MEDINA

In his *New York Times* bestseller, *Brain Rules*, Dr. John Medina showed us how our brains really work—and why we ought to redesign our workplaces and schools. Now, in *Brain Rules for Baby*, he shares what the latest science says about how to raise smart and happy children from zero to 5. Just one of the surprises: The best way to get your children into the college of their choice? Teach them impulse control.
